- Champion Chinese Language Institute is a peanut and tree-nut-free campus.
- All language programs focus on the building of dynamic learning skills and a solid foundation of using traditional phonetic sounding symbols (Zhuyin/BoPoMo) as major media to quickly help students learn and master both Zhuyin and Romanized Pinyin systems. This helps students quickly start sounding out Chinese characters and reading both pre-Mao and post-Mao Chinese materials.
- Most pre-Mao and many post-Mao Chinese materials, including present modern and all classic Chinese materials (5000 years of ancient Chinese civilization), have been written and printed in traditional characters and annotated with Zhuyin/BoPoMo symbols. China's simplified version materials (present to 1956- 50 years materials) are written and printed in simplified characters and usually annotated only with Pinyin symbols.
- Students using Champion Chinese Program can master either one or both Zhuyin and Pinyin systems in about two to six hours.
- Beside the daily practical communicational materials, we will also use modern literatures and classical materials (such as ancient poems, the Three Character Classic, Confucius' Analects, Di-Zi-Gui and other materials) as the media to help our students fully understand not only the oral language (Mandarin) but the rich traditional philosophies, beliefs, ethics and culture of both modern and ancient Chinese people.

We accept cash, check (please make check payable to Champion Chinese Language Institute) or use PayPal for tuition payment. (Credit cards are not accepted.)
